DEAR MACS COMMUNITY,

WELCOME TO THE 2018-2019 SCHOOL YEAR!

MACS IS PROUD TO PRESENT YOU WITH OUR 2018-19 DISTRICT CALENDAR. THE CALENDAR IS AN ESSENTIAL COMMUNICATION LINK BETWEEN COMMUNITY MEMBERS, FAMILIES, AND OUR SCHOOL DISTRICT. INSIDE YOU WILL DISCOVER A MONTH-BY-MONTH LISTING OF THE MANY EVENTS SCHEDULED FOR THIS SCHOOL YEAR. YOU WILL ALSO FIND INFORMATION RELATED TO PROCEDURES AND POLICIES THAT ARE IMPORTANT TO OUR STUDENTS AND THEIR FAMILIES. WE KNOW THAT MANY OF YOU REFER TO THE CALENDAR OFTEN AND POST IT IN EASILY ACCESSIBLE SPOTS IN YOUR HOME SUCH AS KITCHEN CABINETS AND REFRIGERATORS. WE HOPE THAT THE CALENDAR SERVES AS A CENTRAL TOOL TO HELP YOU KEEP TRACK OF THOSE EVENTS THAT OCCUR IN OUR SCHOOLS AND AFFECT YOU AND YOUR FAMILY.

OUR CALENDAR ALSO SERVES AS A SHOWCASE FOR OUR STUDENTS AND THEIR WORK. MANY OF OUR TALENTED STUDENTS HAVE THEIR ARTWORK AND PICTURES DISPLAYED, WHICH TRULY MAKES THE PUBLICATION COME ALIVE.

ONE OF THE REASONS MACS HAS BEEN SO SUCCESSFUL, IS THE STRONG COLLABORATION BETWEEN SCHOOL AND HOME. AS THE DISTRICT’S FIRST OFFICIAL PUBLICATION OF THE SCHOOL YEAR, THE CALENDAR SERVES AS AN INVITATION TO BECOME AN ACTIVE PARTNER IN YOUR CHILD’S EDUCATION. WE ENCOURAGE YOU TO TAKE ADVANTAGE OF THE MANY OPPORTUNITIES FOR INVOLVEMENT.

I HOPE THIS CALENDAR PROVIDES YOU AND YOUR FAMILY WITH A USEFUL TOOL FOR KEEPING TRACK OF DISTRICT AND SCHOOL EVENTS, INCLUDING BOARD OF EDUCATION MEETINGS, OPEN HOUSES, CONCERTS AND MORE.

ADDITIONALLY, WE CONTINUE TO RELY ON OUR DISTRICT WEBSITE AT WWW.MEXICOCSD.ORG AS A MEANS TO PROVIDE OUR COMMUNITY WITH THE MOST UP TO DATE INFORMATION. OUR WEBSITE ALSO PROVIDES LINKS TO EACH SCHOOL’S WEBSITE.

IF YOU HAVE ANY QUESTIONS OR CONCERNS, YOU MAY CONTACT ME BY OFFICE TELEPHONE AT 315-963-8400, MY CELL PHONE AT 315-200-9542, OR MY EMAIL ADDRESS AT SBRUNO@MEXICOCSD.ORG.

THANK YOU FOR YOUR CONTINUED SUPPORT OF OUR SCHOOLS. I LOOK FORWARD TO ANOTHER GREAT YEAR AND HOPE TO SEE YOU AT THE EVENTS LISTED IN THIS CALENDAR.

SINCERELY,

SEAN C. BRUNO
SUPERINTENDENT

WHEN YOU HAVE A QUESTION
If you have any questions relating to school or education, please contact your child's teacher. If your child's teacher is unable to provide the answers, they may direct you through the proper channels. If you need further clarification than the teacher provided, please contact your child's building Principal. The building Principal is more than willing to provide assistance. If the building Principal is unable to resolve the issue, they may refer you the District Office staff. If after contact District Office staff you still have further questions, you may contact the Superintendent (ext. 5401). Please know that while our elected school board members are not charged with the responsibility of resolving administrative matters, they are willing to listen if the aforementioned process has not resulted in clarification. It is our hope that working in a partnership with your child's teacher, building Principal and other district staff members will satisfactorily resolve any questions that you may have.

Another avenue for communicating with our District is to utilize our “Let’s Talk” feature on our district website to submit questions, suggestions, compliments or concerns to a selected interest area. Each interest area is managed by a member of the district staff who will provide an answer within an allotted timeframe.

PARENT WRITTEN REQUEST
(NOT TO RELEASE STUDENT INFORMATION)
A parent or eligible student may request that directory information not be released. Such request must be made in writing. If you have questions concerning this policy, please contact the principal of the building your child attends. Under the Elementary and Secondary Education Act of 1965 (ESEA) two federal laws now require school districts to provide military recruiters, upon request, with the names, addresses, and telephone numbers of students who are juniors or seniors unless parents have submitted a written request not to disclose their child's information. Written requests must be submitted to the main office at the high school by September 29, 2018.

SCHOOL BUS SAFETY

Make sure that your 911 house number can be seen by your bus driver.

SAFETY SKILLS WHEN WAITING FOR THE BUS:

A) Please walk safely to your bus stop.
   REASON: Always be careful near traffic and avoid strangers.

B) Please be on time.
   REASON: Too early - you are waiting alone too long. Too late - you could get hurt rushing to the bus.

C) Please wait quietly away from the road.
   REASON: Cars don’t always stay on the road. If you are running you might go into the road by accident.

D) Please walk towards bus only after bus driver signals it’s safe.
   REASON: The bus might skid as it stops or traffic not stop right away. The driver signals when it’s safe to load.

SAFETY SKILLS WHEN LOADING THE BUS:

A) Please use the handrail.
   REASON: A fall on the stairs could hurt.

B) Please do not bring large, sharp, or breakable items on the bus.
   REASON: In the event of an accident you would be thrown against whatever you are carrying.

C) Please use a backpack or book bag to keep belongings together.
   REASON: You could be injured if picking up things they have dropped near the bus as the driver cannot see them.

D) Sit down immediately, stay seated.
   REASON: A quick start could knock you down if you are not seated. Stay in your seat until time to get off.

SAFETY SKILLS WHEN RIDING THE BUS:

A) Please do not distract the driver.
   REASON: The driver’s full attention must be on driving. Noisy students have caused driver’s mistakes.

B) Please keep body inside the bus.
   REASON: Trees, trucks, and utility poles have caused bad injuries to children hanging out windows.

C) Please be respectful of other riders.
   REASON: Every student deserves a safe ride to school. Quiet talking with friends is OK.

D) Please know how to evacuate your bus.
   REASON: Keep the aisles and floor clear. Know where emergency exits are located and how to use them.

SAFETY SKILLS WHEN UNLOADING THE BUS:

A) All electronics are to be off and put away.
   REASON: Cell phones, I-pods, MP3 players, electronic games, etc. may cause distraction. Students need to focus on their surroundings and potential dangers.

B) Avoid loose clothing, drawstrings and hanging straps.
   REASON: These items can get caught in handrails and other parts of the bus. You could be dragged and injured.

C) Check before you step.
   REASON: Be sure no cars are trying to pass on the shoulder. Be sure you have enough room to move away from the bus.

D) Move at least 15 feet away from the bus right away.
   REASON: If you can touch the bus you are too close. Don’t walk alongside the bus. The bus can be very dangerous.

E) Go directly home.
   REASON: Be sure to stop at home before you go to a friend’s house to play or visit. Stay away from strangers!

SAFETY SKILLS WHEN CROSSING IN FRONT OF THE BUS:

A) Walk ten giant steps ahead of the bus until you can see the driver’s face.
   REASON: The driver must always be able to see you. If you drop something near the bus tell the driver.

B) Wait for the driver’s signal.
   REASON: The driver will signal when it is safe to cross. Be sure you know the driver’s signals.

C) If clear, cross quickly. If not clear, return to curb.
   REASON: If it isn’t safe to cross, move back to the side of the road. Don’t just stand waiting in the road.

NOTICE TO STUDENTS, PARENTS, AND STAFF REGARDING USE OF CAMERA SURVEILLANCE ON SCHOOL PROPERTY.

For the safety of our students, staff and visitors, the School District employs camera surveillance equipment for security purposes. Surveillance cameras will generally be utilized only in public areas where there is no reasonable expectation of privacy. Public areas may include school buses, building entrances, hallways, parking lots, front offices where students, employees, and parents come and go, gymnasiums during public activities, cafeterias, and supply rooms.

District surveillance cameras will not be installed in private areas such as restrooms, locker rooms, changing areas, private offices or classrooms.

VISITORS SCREENING – RAPTOR SYSTEM

The Mexico School District utilizes the Raptor screening system for all visitors requesting access to our school buildings. The Raptor system performs a background check, which includes the Sex Offender Registry. All visitors must present government issued identification and pass the Raptor screening process in order to be provided a visitor badge and be granted access to school buildings.

In order to ensure that no unauthorized persons enter buildings, all visitors to the schools during the school day will report to the school main entrance to receive authorization before visiting elsewhere in the building. Temporary ID stickers will be issued to temporary employees, contract staff, vendors, volunteers and visitors each time they need to enter a school building during school hours. The ID sticker is to be worn in a highly visible manner while in the building or while on school grounds. The sticker needs to be surrendered when reason for entry is complete or no later than the end of the school day.

Unauthorized persons will not be permitted in school buildings or on school grounds. School administrators and school employees are authorized to take appropriate action to prevent such individuals from entering building and from loitering on grounds.

We encourage parents and other citizens of the district to visit classrooms and observe the work of the schools. The Board of Education believes that there is no better way for the public to learn what the schools are actually doing. If parents wish to observe their child in class, they should submit a request to the principal. The teacher and building principal will then establish with the parent the most appropriate time, day, and frequency of visitation.

HARASSMENT AND DISCRIMINATION IS PROHIBITED AT SCHOOL

Students should never feel that it is not safe to come to school and participate in all school activities. They should never be prevented from concentrating on their work because another student or a school staff member is teasing them, making fun of them, pushing them around; or threatening them in some way, because of race, color, weight, national origin (where a family come from), ethnic group, religion, religious practices, disability, sexual orientation, gender, sex, or for any other reason.

A student may not act toward another student in a way that reasonably makes that other student unable to concentrate on their school work, because of the other student’s race, color, weight, national origin, ethnic group, religion, religious practiced, disability, sexual orientation, gender, or sex, or for any other reason. It is against school rules for any student or school staff member to do this by physical actions or by verbal statements, including electronic messages. This kind of conduct is prohibited on school property, on school buses, and at all school-sponsored events.

If you know of a situation that involves harassment or discrimination, please complete the complaint form found on the district website and contact the appropriate dignity act coordinator(s):

EMERGENCY CLOSING

The Superintendent may find it necessary to close the district schools or dismiss them early when hazardous weather conditions or other emergencies threaten the health and welfare of students and staff. Schools will not be closed merely to avoid inconvenience. While it may be prudent under certain circumstances to excuse all students from attending school, to delay the opening hour, or to dismiss students early, the Superintendent has the responsibility to see that the instructional program and other operational activity is continued to the extent possible. For this reason, if conditions affect only a single school, only that school may be closed.

In making this important decision many factors are considered, including current road conditions, weather forecasts, plowing schedules, other school closings and similar information. Always, the Superintendent’s final decision will be made with the best interest of students in mind. Buses are often safer vehicles in heavy snow than automobiles. It is sometimes safer for children to remain in school rather than be sent home early on slippery roads when the weather forecast predicts a break in the weather. When buses are picking students up during early dismissals, no automobile access to the loading area will be permitted. This is to help to safeguard all students and to permit buses to load students efficiently.

When it becomes necessary to close schools because of weather or other emergencies, announcements will be made over TV stations in the listening area, including: WSTM (Channel 3), WTVH (Channel 5) and News 10 Now (Channel 10). This same procedure is used if the closing is issued during the school day. Notices will also be posted on the district website and social media pages. Students will return home by the normal procedure. Parents who are away from home during the day should make arrangements for someone to take care of their children when there are school closings.

Announcements will be made as soon as a decision is made concerning school closing, delayed openings, and early dismissal. In the event that it is necessary to close the school for all or part of any day, all activities involving students before and/or after school are also canceled.

UNUSED EMERGENCY CLOSING DAYS

In the event of unused emergency closing (snow days), the following schedule will be used:

- If one unused snow day — There will be no school on Friday, May 24, 2019
- If two unused snow days — There will be no school on Friday May 24, 2019 and Tuesday, May 28, 2019

TRESPASSING ON SCHOOL DISTRICT PROPERTY

Registered sex offenders are not permitted on school district property without prior written authorization from the Superintendent and/or his designee. If there is a justifiable need to be on school property, a request must be submitted in writing to the Superintendent, noting all specific reasons, dates, times and location. A list of sex offenders with authorization will be maintained at each school building in either the main office or attendance office and will be updated on a regular basis.

Thank you in advance for your cooperation as the safety of our students is our main priority.

OPT-OUT POLICIES 2018-2019

Mexico Academy and Central School District Opt-Out Policy for Publishing Student Photographs and Student Work on the Mexico Academy and Central School District Websites and in District-Related Publications

During the course of the year, your child’s name, work and/or image may be selected to highlight his or her accomplishments for publication on our website, on a teacher-created website linked to the district’s site or on other District media communications. The District believes that there is significant educational value in sharing these accomplishments. We feel it enhances communications between home and school, it extends learning opportunities beyond the classroom and creates a sense of pride for students.

Mexico Academy and Central School District Opt-Out Policy for Non-Instructional Internet Access

As part of the instructional process, internet access is available to students and teachers in the Mexico Academy & Central School District. Our primary goal in providing this service to teachers and students is to promote educational excellence in schools by facilitating research, resource sharing, innovation, and communication.

Mexico Academy and Central School District will take precautions to restrict access to controversial materials. However, on a global network it is impossible to control all materials and a user may discover controversial or objectionable information. The use of the Internet is a privilege, not a right, and inappropriate use may result in a forfeiture of those privileges and/or other disciplinary procedures. All users of the District’s internet services must abide by the District’s Acceptable Use Policy, located at www.mexicocsd.org under District, Instructional Technology Program, Technology Plan & AUP (please review).

The Mexico Academy & Central School District firmly believes that the valuable information and interaction available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals and philosophies of the District. Therefore, the Internet is a valuable resource and may be used by students during instructional time and during non-instructional time, such as study halls.

Opt-Out Option: Parent Written Request to Deny Internet Access During Non-Instructional Time. If a parent chooses not to allow their child to have access to the internet during non-instructional times, such request must be made in writing and sent to your child’s school annually. If you have questions concerning this policy, please contact the principal of the building your child attends.

ACADEMIC INTERVENTION SERVICES (AIS)

Academic Intervention Services are additional instructional and/or student support services that supplement the instruction provided in the general curriculum. They are intended to assist students who are at risk of not achieving the New York State Learning Standards in English Language Arts, Mathematics, Social Studies and/or Science.

Students will be eligible for AIS if they score below the designated performance level on the Elementary or Intermediate State assessments. Students in grade 9-12 will be eligible for AIS if they score below the approved passing grade on any Regents exam required for graduation in ELA, Mathematics, Science or Social Studies.

In grades where no state assessments are given, students will be eligible for AIS if they are determined to be at risk of not achieving State Standards according to the criteria established by the District.

COUNSELING AND PSYCHOLOGICAL SERVICES

The district employs school psychologists, school social workers and counselors who provide evaluation and guidance to our students on multiple levels. If you have a concern about your child’s learning or emotional development, his or her ability to make good choices, to build and maintain good relationships or his or her career choices, please contact the office of the school for support.

SPEECH AND LANGUAGE PROGRAM

Mexico employs full time New York State certified Speech and Language Pathologists. Instruction takes place in five major areas: language, auditory and visual skills, semantics, social speech, and articulation. Formal diagnostic testing determines which students are in need of speech and language therapy. How to communicate and absorb knowledge through the use of language is a critical set of skills essential to learning.

SPECIAL EDUCATION

A variety of program alternatives are available to meet the varied needs of exceptional students. The Mexico District provides special education to all students identified by the CSE. They include:

a) Regular education with modification
b) Regular class with related services
c) Consultant teacher services
d) Integrated co-teaching services
e) Resource instruction
f) Special classes

The Mexico District has created district run special class and also contracts with GTI BOCES for the provision of special education services for the moderately to severely disabled student. Such programs take the form of special classes with varying student-teacher ratios. Also, MACS contracts with GTI for certain related services such as counseling, itinerant teacher of the visually impaired, and the hearing impaired. In addition, our students participate in the multi-occupational programs provided through GTI. If you suspect your children may have a learning problem, contact your building Principal or Director of Pupil Services to discuss your concerns.

Shaina Turo
INTERPRETERS FOR HEARING-IMPAIRED PARENTS

The school district will provide an interpreter for the hearing-impaired parent if a written request for the service has been submitted to and received by the building principal within 10 days prior to the school initiated academic and/or disciplinary meeting, scheduled meeting or activity.

The school district will provide an interpreter for hearing impaired students participating in extra-curricular activities if a written request for the service is submitted and received by the building principal within 10 days of the event. Forms are available at each school office.

COMMITTEE ON PRESCHOOL SPECIAL EDUCATION

Each school district in New York State is required to have a Committee on Preschool Special Education (CPSE). Programs are available through the county for disabled children between the ages of 3-5. If you believe your preschool child is experiencing delays in any area, contact the Office of Pupil Services for an evaluation at no cost to you.

COMMITTEE ON SPECIAL EDUCATION

Each school district in New York State is required to have a Committee on Special Education (CSE). The Board of Education must annually appoint the members of the CSE which must include a teacher or administrator of special education, a school psychologist, the pupil’s teacher, a special education teacher, a parent of a student with a disability who resides in the district, and a school physician. The chairperson of the CSE is the Director of Pupil Services. The main function of the CSE is to work with parents in developing recommendations to the Board of Education regarding their child's classification, evaluation, and educational program. Parents who are concerned about their child's learning progress or emotional development and believe their child may require special education services can make referrals directly to the CSE by contacting the Office of Pupil Services – 963-8400 ext. 5405.

HOMELESS CHILDREN AND UNACCOMPANIED YOUTH

If you lost your housing and now live in a shelter, motel, vehicle, campground, doubled-up with family or friends, on the street, or in another type of temporary housing, your child may be able to receive help through a federal law called the McKinney-Vento Act. Under this act, eligible children have specific rights related to attending school. If you believe that your housing situation may qualify your child for services, please contact our Homeless Liaison, Carolyn Maloney at the New Haven Elementary (315) 963-8400.

WHEN YOU HAVE A QUESTION

If you have any concern relating to school or education, your child’s teacher can usually provide the answers or can direct you to the proper authority. If you are dissatisfied with the response, the building principal has the authority to solve classroom problems and provide assistance. The principal may, for special problems, refer you to the District Office staff. You may contact the Superintendent (ext. 5401) to discuss matters that you feel have not been satisfactorily resolved with your child’s principal. If you are still dissatisfied, your school board members are always willing to listen and provide assistance where possible. These elected board members however are not charged with the responsibility to resolve administrative matters. It is expected that parents work in partnership with their child’s teacher, building principal and other district staff members to resolve problems.

RELEASE OF INFORMATION TO OTHER EDUCATIONAL INSTITUTION

The District may disclose any and all educational records, including disciplinary records and records that were created as a result of a student receiving special education services under Part B of IDEA, to another school or postsecondary institution at which the student seeks or intends to enroll.

RESPONSIBILITY TO RESOLVE ADMINISTRATIVE MATTERS

It is expected that parents work in partnership with their child’s teacher, building principal and other district staff members to resolve problems.

COMPLAINTS AND GRIEVANCES

Educational programs are offered without regard to sex, race, color, national origin or disability. Furthermore, an individual shall have the right to present complaints and grievances free from coercion, interference, restraint, discrimination or reprisal. Should an individual feel they have been discriminated against, they should immediately contact the Title IX Section 504/ADA Coordinator (Elizabeth DiCosimo, 16 Fravor Rd. Suite A Mexico, NY 13114) to express their concern. Individuals not satisfied with the resolution by the building principal may appeal their decision to the School Superintendent.

Dear Parent/Guardian/Students/School Staff:

New York State Law, Section 409-f, effective July 1, 2001, requires all public/non-public elementary and secondary schools to implement an Integrated Pest Management Program/Plan (IPM), and requires that periodically throughout the school year, we provide written notification regarding potential use of pesticides, to all students, persons in parental relationship, faculty and staff.

The Mexico Central School District will develop and maintain a “Prior Student Notification List” of all persons who have requested the written notification 48 hours prior to application of certain pesticides. NOTE: The following pesticide applications are not subject to the prior notification process when:

• the school remains unoccupied for a continuous 72 hours following application
• anti-microbial products are used
• non-volatile, tamper resistant rodenticide bait stations are placed in areas inaccessible to children
• non-volatile, tamper resistant insecticidal bait stations are placed in areas inaccessible to children
• silica gels, sand, and other non-volatili, ready to use pastes, foams or gels are placed in areas which are not accessible to children
• boric acid and disodium octaborate tetrahydrate is used
• EPA designated bio-pesticides are used
• 40CFR152.25 aerosol products with a directed spray, in containers of 18 fluid ounces or less, are used to protect individuals from an imminent threat from-stinging/biting insects, including venomous spiders, bees, wasps and hornets.

If an emergency application becomes necessary to ward off an imminent threat to human health, and the exposed individuals have a relation to any persons listed on the 48 hour Prior Notification List, a good faith effort will be made to send written notification to those listed.

To request a 48 hr. prior notification, please go to www.mexicocsd.org and complete the request form.

STUDENT RECORDS POLICY

The Family Educational Rights and Privacy Act (FERPA, 20 USC §1232g) requires school boards to establish policies on student records and directory information. In accordance with the law, Mexico Academy and Central School District’s School Board’s Student Records policy (7240) contains the following information you should be aware of:

- Parents and eligible students have the right to inspect and review a student’s educational records.
- A student’s parent or eligible student has the right to seek to correct parts of a student’s records that he or she believes to be inaccurate, misleading, or in violation of student rights.
- This right includes the right to a hearing to present evidence that the record should be changed if the district does not alter it according to the parent or eligible student’s request the right of any person to file a complaint with the Department of Education if the District violates the FERPA.

The district will limit the disclosure of personally identifiable information contained in student records except: (1) by the prior written consent of a student’s parents or an eligible student, (2) as directory information, or, (3) under certain limited circumstances as permitted under FERPA.

The district’s student record policy designates the following personally identifiable information as directory information which may be disclosed, with administrative approval, without prior consent:

- The student’s name
- The names of the student’s parents
- The student’s address
- The student’s date of birth

MACS COMPREHENSIVE STUDENT ATTENDANCE POLICY

This plain language summary is provided to communicate clearly the intent of MACS Board of education Policy #7110 (Comprehensive Student Attendance Policy). Highlights of the Policy are included for your information. The full text of this policy is available upon request or may be viewed on the District website: www.mexicocsd.org.

Objectives of the Policy:
To increase school completion for all students and to improve student achievement.
To identify patterns in student attendance in order to design improvement efforts.

EXCUSED AND UNEXCUSED STUDENT ABSENCES, TARDINESS, EARLY DEPARTURES AND LATE ARRIVALS

Excused Absences – Examples:
Personal illness, illness or death in family, impassable roads for school buses, religious observance, quarantine, required court visits, attendance at health-related appointments or hospitals, approved college visits, approved cooperative work programs, military obligations, out-of-school suspension with tutoring, other administratively-approved reasons.

Unexcused Student Absences – Examples:
Truancy, family vacation, hunting, babysitting, haircut, obtaining a learner’s permit, road test, oversleeping, out-of-school suspension without tutoring, other administratively-disapproved reasons.

Student Absence Notification by Parents
All absences are “unexcused” until a signed, written parental notification is received with a reason for the student’s absence. The notification must be received from parent/guardian within 10 school days of the absence.

Student Attendance/Course Credit
In any credit-bearing course, course credit will be lost if more than 10% of class is missed due to unexcused absence unless made up in a manner of prescribed by building procedures.

Properly excused absences, tardiness and early departure will not be counted as absence for purpose of determining course credit. School work missed due to absence for any reason must be made up in order to maximize student achievement. In Grades K-8, excessive absences, tardiness, early departures or late arrivals may be a factor in retention.

Disciplinary Consequences that May Be Imposed for Unexcused Student Absence
Grades 5-12: Detention, in-school suspension, and or denial of participation in extracurricular and interscholastic activities may be imposed in accordance with the Student Code of Conduct.

For All Grades: Parents/guardians will be notified by the District periodically – either by phone and/or letter – to discuss their child’s absences, tardiness, early departures or late arrivals, the importance of regular attendance and if applicable, intervention strategies.

DISTRICT RESPONSIBILITIES TO PROMOTE GOOD STUDENT ATTENDANCE
- Communicate intent of the Comprehensive Student Attendance Policy to all parents and students.
- Educate students and parents about how good school attendance can improve student success.
- Record attendance on a period-by-period basis and analyze individual student attendance patterns.
- Contact students and parents when attendance patterns interfere with student achievement.
- Develop effective intervention strategies to improve individual student attendance problems.
- Develop building procedures by which students can make up unexcused absences.
- Provide incentives and enforce disciplinary consequences to promote good student attendance.
- Analyze district and building attendance for evidence of patterns of absenteeism.
- Annually review this Policy in order to improve District responses to student attendance problems.

MACS INTERSCHOLASTIC ATHLETIC AGREEMENT

PHILOSOPHY:
Winning has often been considered the measure of success. However, at Mexico we feel that winning is only one component to the total development of our student-athletes. Of considerable more importance is the development of the person, affording each student-athlete the opportunity of becoming all that she or he is capable of. Thus, the athletic program, which is centered around the welfare of the student, is a vital part of the total education program.

To fully utilize the potential in athletics for educational experiences, the Interscholastic Athletic Program:
-Is regarded as an integral part of the total educational program and is conducted so that it is worthy of such regard.
-Is conducted in a manner that places the welfare and safety of participants before the welfare and safety of the program.
-Is conducted under the rules and regulations of the league, state, and national athletic associations.

This agreement (statement of personal commitment) signed by student-athletes, parents, and guardians is an acknowledgment of the understanding of the rules and procedures governing participation in the interscholastic athletic program. Participation on a Mexico Academy & Central High School District Athletic Team is a privilege, which should elicit great pride in you, your family, your school and community. A willingness to abide by training regulations and behave as a good citizen is necessary for the success of our student-athletes and our athletic program.

A. Reporting Alleged Violations and Due Process

The following events will take place upon notification to the Principal, Assistant Principal, or Director of Athletics of a possible violation by a credible source:

The Director of Athletics and Assistant Principal will conduct a thorough investigation of the alleged violation. Parents/Guardian of the student-athlete will be notified/ notified of the allegations and status of the investigation. The athlete(s) and/or students in question will be interviewed. The Director of Athletics and Assistant Principal may gather additional information from adults, parents, teachers, and coaches. If it appears the Code has been violated, the Athletic Review Board will be convened to hear the facts.

A date and time will be established within five (5) school days from the decision for the Athletic Review Board to hear the results of the investigation and make their ruling. The Athletic Review Board is a panel of five (5) approved school representatives consisting of two (2) coaches, two (2) teachers, and chaired by the High School Principal.

The student-athlete in question maintains full athletic eligibility until the Athletic Review Board has rendered a decision.

Once the Athletic Review Board has rendered their decision, the student-athlete and the parents/guardians will be notified of that decision. If a violation is confirmed, the Principal will notify the student-athlete and their parents/guardian of the suspension/punishment and the right to appeal (see Section C).

B. Disciplinary Action

Violations occur as First Offense, Second Offense, and Third Offense and are cumulative over a two (2) year period. A violation that takes place after two (2) years from the date of the First Offense penalty will be treated as a First Offense penalty.

First Offense: The student-athlete will be suspended a minimum of one contest or up to a maximum of one-third of the sport's contests, inclusive of all scrimmages and contests. The penalty will carry over into the student-athlete's same sports season if the complete penalty is not fulfilled. (Example: Soccer, Fall 2014 will carry over to Soccer, Fall 2015)

Second Offense: The student-athlete will be suspended a minimum of one-third of the sport's contest or up to one-half of the sport's contests, inclusive of all scrimmages and contests. If the violation occurs beyond the mid-point of the season, the penalty will carry over into the same season the following year if the complete penalty is not fulfilled. (Example: Soccer, Fall 2015 will carry over to Soccer, Fall 2016)

Third Offense: The student-athlete will be suspended from all interscholastic athletic participation for one year from the date of violation, minimally, and suspension up to the remainder of his/her high school career as a maximum. Violations of the contract are cumulative for a two-year period and begin with the student-athlete's first violation. The student-athlete must apply in writing to the Athletic Review Board for possible reinstatement into the MACS inter-scholastic athletic program. A student-athlete under the penalties from the first or second offense will continue to practice with his/her team and attend all contests unless otherwise prohibited by the coach and Athletic Director. The student-athlete will not be allowed to dress for or participate against other schools in either scrimmage or game situations.

CARRY-OVER ALTERNATIVE:
Students in grades 7-11: In the event the penalty is not fulfilled in the “same” sport season and a carry-over is necessary, it will be determined by the Athletic Director and the Athletic Review Board.

Any penalty not fulfilled completely will carry over into the student-athlete’s next sports season. Community Service will be required to fulfill the penalty if it is not completed by the end of the spring season. The Principal and Athletic Director will determine the number of hours of community service. Failure to fulfill the requirements of the penalty will result in the student-athlete being declared ineligible to participate in graduation ceremony.

B. Disciplinary Actions

Any violation of the student’s obligation with respect to team conduct or sportsmanship will be determined by the coach and will range from a warning to a denial of participation of the team through two athletic contests.

Any penalty that results in denial of participation for a period greater than two athletic contests will be brought before the Athletic Review Board. After reviewing the full report, the Athletic Review Board may implement the coach’s recommendation or modify it to a mini-mum of the two-contest suspension.

C. Appeal

The only decision that may be appealed to the Superintendent is the Athletic Review Board’s decision. The decision of the School Superintendent or his designee is final.
Procedures by which violations are reported and determined:

Any student, staff member, or other visitor should report any violation of this code of conduct to the Superintendent of Schools, building administrator, or his/her designee. At this time a determination will be made as a specific violation.

II. Good Citizenship: Community, School and Team

Each player represents his/her team, school and community. Consequently, any behavior which brings embarrassment or negative attention to these groups may result in disciplinary action to the player as determined by the coach, Athletic Director or Principal. Examples of inappropriate conduct or lack of good citizenship are as follows:
- Causing/Inciting harm to another person. Includes bullying or cyberbullying
- Causing damage to personal or any school property (including opponents)
- Conduct detrimental to the integrity of the program or unbecoming of a MACS Student-Athlete.

Poor sportsmanship or lack of good citizenship in reference to school representatives, classmate, teammates, opponents, officials, spectators and any community member.

A. Reporting Alleged Violations

The coach, Athletic Director, or Principal may be notified of any possible violation by a credible source. The Athletic Director will conduct an investigation of the report.

The only decision that may be appealed to the Superintendent is the Athletic Review Board’s decision. The decision of the School Superintendent or his designee is final.

III. School Conduct

An athlete is expected to govern his/her conduct in accordance with the rules of the “High School Student Handbook”. All students are given a copies of the Student Handbook at the beginning of the year.

A. Reporting Alleged Violations

The Principal or Assistant Principal will be notified of any possible violation by a credible source. The Principal or Assistant Principal will investigate the report.

B. Disciplinary Action

Violation of the student’s obligation under the Student Handbook may result in a denial of participation in athletics if the disciplinary action results in more than (3) periods of in-school suspension, or out-of-school suspension. Also, repetitive school disciplinary problems may result in denial of participation for a period to be determined by the Coach and Athletic Director, or Principal. Any proposed denial of participation for more than two contests must be brought before the Athletic Review Board. If the period of denial of participation is more than two contests as a result of the consequences specified by the Student Handbook, then the Athletic Director will be notified of the decision.

C. Appeal

The only decision that may be appealed to the Superintendent is the Athletic Review Board’s decision. The decision of the School Superintendent or his designee is final.

ADDITIONAL POLICIES

Academic Eligibility: Coaches check student grades on School Tool to see if students are completing assignments and passing courses (refer to Student Handbook).

Attendance: Students must be in attendance in order to participate in practice or competition that day. Exceptions for legal tardiness (i.e., medical/dental appointment, court appearance, funeral) can be made only with permission of the Principal, Assistant Principal, Athletic Director, or the School Nurse. A student-athlete who misses part of the school day due to illness must have the School Nurse evaluate his/her ability to participate in a practice or contest that day. Students who are too ill to attend class will typically be deemed too ill to participate in practice or contest the same day. Any unexcused tardiness, after 8:15 a.m., may result in denial of participation in practice or contest that day as determined by the Principal. Students who are repeatedly tardy may lose athletic privileges for those days tardy.

Participation in Physical Education Class: Physical Education Class is part of the required curriculum for graduation in New York State; therefore, students not participating in Physical Education class (without a valid excuse) may not participate in a practice or contest that day.

Quitting a Team: Athletic participation is meant to teach commitment and responsibility. Therefore, student-athletes may not leave a squad beyond the initial tryout period without consequences unless mutually agreed upon by the coach and player.

Care of School Equipment: Take care of school equipment and return it personally to the coach in a timely manner upon leaving a team or at the conclusion of the season. Never wear school-issued uniforms or equipment for personal use without permission of the coach or Athletic Director.

Injuries: Report to their coach any injury or change in physical condition that affects their ability to safely participate in athletic practices or contests.

Suspension (OSS and ISS): Any action that results in more than three (3) periods of in-school suspension, or out-of-school suspension will be handled according to the District Discipline policy. Student-Athletes will not be allowed to tend/participate in practice and/or a game situation during the time of in-school or out-of-school suspension. In addition, according to the District Discipline policy, each suspension will be followed by seven (7) days of social suspension, which allows student-athletes to practice with their team but not allowed to attend any after school activity such as, but not limited to: (dances, plays, concerts, fundraisers, etc.). Missed contests during the out-of-school Suspension may count toward the violation of the Athletic Agreement.

The Athletic Agreement is in force the entire sports season from the date of the first official practice of the team sport through the last possible date of that sport’s activity including sectional and intersectional activity.

By signing this agreement, we acknowledge that we have read and understand the rules and consequences. This agreement must be signed by both parents/guardians and student-athlete and submitted to the sport coach before the student-athlete is allowed to participate.

VISITOR’S CODE OF CONDUCT

The Section III member schools are seriously concerned with unsportsmanlike incidents occurring in several athletic contests involving member schools during recent seasons. The Section has met to consider this problem and we are in need of your support in permitting our competition to be conducted under sportsmanlike conditions.

Spectators, along with coaches and players, are an integral part of the athletic contest. They are a part of the school community, and their actions are viewed as actions of the school program. In an effort to ensure a good sportsmanship atmosphere for all school events we have adopted the following Visitor’s Code of Conduct:

The following Code of Conduct applies to any licensee, invitees, and all other persons, whether or not their presence is authorized, upon district property, and also upon or with respect to any other premises or property under the control of the district.

All visitors will behave in a manner that demonstrates respect for students, teachers, administrators, personnel, other visitors, the educational process, and the law.

Conduct considered inappropriate and unacceptable:

No visitor shall:

- Obstruct or disrupt the teaching, research, administration, disciplinary procedures or other school district activities;
- Willfully cause physical injury to any other person nor threaten to do so, for the purpose of compelling or inducing such other person to refrain from any act which he/she has a lawful right to do, or to do any Act which he/she has a
Visitor's Code of Conduct continued:

While embracing free expression of ideas, it is expected that all language is respectful of the rights of others.

Language considered inappropriate and unacceptable:

No visitor shall use profane or obscene language, or language that willfully incites others to violate this code of conduct.

Procedures by which violations are reported and determined:

Any student, staff member, or other visitor should report any violation of this code of conduct to the Superintendent of Schools, building administrator, or his/her designee. At this time a determination will be made as to the specific violation.

VIOLATION OF CODE OF CONDUCT

Range of remedial measures to be taken for violation of Code of Conduct and procedures by which they are imposed and carried out: According to Board Policy #3410-R, in the case of any apparent violation of these rules, which, in the judgment of the Superintendent or his/her designee, does not pose any immediate threat of injury to person or property, such school official may make reasonable effort to learn the cause of the conduct in question and to persuade those engaged therein to desist and to resort to permissible methods for the resolution of any issues which may be presented.

In doing so, such official shall warn such persons of the consequences of persistence in the prohibited conduct, including removal of his/her authorization to remain upon school grounds, and ejection from any district properties where their continued presence and conduct is in violation of these rules. Furthermore, the Superintendent or his/her designee may apply to the public authorities for any aid which he/she deems necessary in causing the ejection of any visitor of these rules and he/she may request the Board's Counsel to apply to any court of appropriate jurisdiction for an injunction to restrain the violation of threatened violation of such rules.

What is MACS Dollars for Scholars?
Dollars for Scholars is a chapter of Scholarship America. The Program was established to aid communities in developing their own scholarship programs and to serve and support existing affiliates. The MACS district community members joined in 1986; membership allows our chapter to operate at a legally constituted public scholarship foundation within our chapter area.

Dollars for Scholars is comprised of community volunteers who believe that our young people have great potential; our goal is to help them realize their potential through awarding scholarships to assist with furthering their educations beyond high school. It is important to note that MACS Dollars for Scholars is a volunteer organization, all money raised is awarded to local MACS Students. Since 1986, 17,59 students from MACS have been awarded scholarships totaling $999,835

How is the money raised?
Funds for local distribution are raised through a variety of events sponsored by the local chapter. Some of our annual activities are the memory lights at the High school, the Annual Golf Tournament, participating in Christmas in Mexico, as well as many other small activities. We are always looking for Volunteers to help at any of our events, please note the monthly meeting dates if you would like to help out.

How are scholarships awarded?
Applicants must be a MACS senior planning to enroll in a college, university, vocational or business school, and must register and complete a profile on the Dollars for Scholars website. Information must be registered by midnight of the date in February. Please check with our School Counselors for assistance. Students interested in applying should listen for announcements in school and watch for announcements on our Facebook page: MACS Dollars for Scholars.

Recipients of Dollars for Scholars awards are determined by the local Awards committee, using the Scholarship America guidelines. Scores and awards are based on seven categories, with the computer automatically doing five and committee doing the other two. MACS graduates declare their intentions to attend a specific school, and the award checks are mailed directly to those institutions; MACS graduates receive their scholarships in October, to be used for the Spring Semester tuition as described in the award packet.
