USDA announced on September 1, 2020 that there will be a continual waiver until December 2020 to operate meals under the Summer Food Service Program. This means that any school aged child, regardless of their meal status may receive a meal (breakfast and/or lunch) at no charge. Only students enrolled in Mexico School District are eligible for this waiver.

Cohorts A, B and D: If they choose, students who are in session will receive breakfast and/or lunch for free on their respective cohort days. A parent/guardian may request meals for the days their child is a virtual learner. Please see Meal Request Form under the Food Service section of the MACS website. Registration is required. Your child will receive 3 days' worth of meals. Distribution will take place at the HS on Wednesdays from 11-12 or 3-4. There will be no transported meals. Only parents/guardians may pick up meals per State Child Nutrition Rules.

Cohort C-All Virtual. We ask that a parent/guardian complete a Meal Request Form, found under the Food Service section of the MACS website. Registration is required. Your child will receive 5 days' worth of meals at distribution. Distribution will take place at the HS on Wednesdays from 11-12 or 3-4. There will be no transported meals. Only parents/guardians may pick up meals.

Important things to remember:

Registration for virtual learning meals is required

There will be no transported meals

Only parents/guardians can pick up meals. State Child Nutrition Rules

Only students enrolled in Mexico School District are eligible for meals
