Summary & Background

On March 11, 2021, the President signed into law the American Rescue Plan Act of 2021 (**ARP**). The ARP Act included an unprecedented \$800 million nationwide to support the specific and urgent needs of homeless children and youth in recognition of the extraordinary impact of the pandemic on students experiencing homelessness. Through the ARP Elementary and Secondary School Emergency Relief – Homeless Children and Youth (ARP-HCY) Fund, resources are being made available to identify homeless children and youth, provide wraparound services in light of the impact of the COVID-19 pandemic, and provide assistance needed to enable homeless children and youth to attend school and participate fully in school activities, including in-person instruction and summer learning and enrichment programs.

After reserving \$1 million of the \$800 million (0.125 percent) for national activities including technical assistance, the USDE awarded the remaining \$799 million to State educational agencies (SEAs) as follows:

- \$199,750,000 (25% of the \$799 million) was made available to States immediately. NYSED received approximately \$14,720,327 in this disbursement. This disbursement was designed to provide funding to States immediately as a supplement to their McKinney-Vento Education for Homeless Children and Youth (HCY) funds, so that States can address urgent needs of homeless children and youth—including academic, social, emotional, and mental health needs—and so States and local educational agencies (LEAs) can increase capacity by hiring staff, dedicating resources, and planning partnerships with community-based organizations, among other strategies. Funds must be administered by the Office of the State Coordinator for the Education of Homeless Children and Youth, consistent with the requirements for HCY funds; and
- \$599,250,000 (75% of the \$799 million) is now being made available pursuant to NYSED's submitted submits the required application to USDE. NYSED has received \$44,190,109 in the second disbursement. States are required to distribute the funds they receive in the second phase to LEAs via a formula that uses the LEA's allocation under Title I, Part A (Title I) of the Elementary and Secondary Education Act of 1965 (ESEA) and the number of identified homeless children and youth in 2018-19.

Eligible Applications & Allocations

NYSED will provide ARP HCY Part I funds to all current EHCY subgrantees to supplement previous awards. In addition to the current subgrantees, NYSED will provide ARP HCY Part I funds to a small cohort of ten additional LEAs that had previously applied for EHCY funding during the competitive process but could not be supported because EHCY funding was not sufficient to provide resources to all "fundable" applications.

A list of eligible LEAs, including consortia of LEAs, and ARP-HCY Part 1 allocations are provided in the Document Library.

Allowable Uses of Funds

ARP-HCY Part I funds supplement the HCY program, and all allowable HCY uses apply to these funds. For more information, LEAs should reference the list of authorized activities in section 723(d) of the HCY statute, 42 U.S.C. § 11433(d).

These activities may include any expenses necessary to facilitate the identification, enrollment, retention, and educational success of homeless children and youth, such as:

- providing wraparound services (which could be provided in collaboration with and/or through contracts with community-based organizations, and could include academic supports, trauma informed care, social-emotional support, and mental health services);
- purchasing needed supplies (e.g., PPE, eyeglasses, school supplies, personal care items);
- providing transportation to enable children and youth to attend classes and participate fully in school activities;
- purchasing cell phones or other technological devices for unaccompanied youth to enable the youth to attend and fully participate in school

activities;

- providing access to reliable, high-speed internet for students through the purchase of internet connected devices/equipment, mobile hotspots, wireless service plans, or installation of Community Wi-Fi Hotspots (e.g., at homeless shelters), especially in underserved communities;
- paying for short-term, temporary housing (e.g., a few days in a motel) when such emergency housing is the only reasonable option for COVID-safe temporary housing and when necessary to enable the homeless child or youth to attend school and participate fully in school activities (including summer school); and
- providing store cards/prepaid debit cards to purchase materials necessary for students to participate in school activities.

ARP-HCY Part I - Program Narrative

MEXICO CSD - 460901060000

- 1. In the space provided below, please describe the extraordinary impact of the pandemic on students experiencing homelessness, including academic, social, emotional, and mental health needs.**

The pandemic has caused great stress on families everywhere, particularly on those living in poverty. Our rural community has many people living below the poverty level and our students identified as McKinney-Vento were hit hard in trying to obtain enough food, space, personal care supplies, clothing, medical care and transportation. The added stress has caused many of our families to engage in behaviors that are traumatic to our students thus causing severe decline in their ability to deal with everyday situations that arise. We have seen a rise in misbehavior as well as lower ability to interact appropriately in social situations. We have noted more need for mental health supports as many students are reacting in ways that are concerning. All of these factors have had a negative impact on student ability to focus on academics and we are not seeing the most positive outcomes as we analyze student progress data. Additionally, many of these students have not had access to appropriate primary health care, dental care and mental health care.

- 2. In the space provided below, please describe how the LEA intends to use the ARP-HCY to address the needs identified in #1 above, including, but not limited to activities intended to:**

- **Increase capacity by hiring staff, dedicating resources, and planning partnerships with community-based organizations, among other strategies;**
- **Focus on identifying students this spring and to connect students experiencing homelessness and their families to summer learning and enrichment programs (including summer 2021), and to engage students and their families in preparation for this fall;**
- **Identify historically underserved populations such as rural children and youth, Tribal children and youth, students of color, children and youth with disabilities, English learners, LGBTQ+ youth, and pregnant, parenting, or caregiving students experiencing homelessness; and**
- **Work with community-based organizations for this purpose, as well as to provide wraparound services to these students.**

These activities may include any expenses necessary to facilitate the identification, enrollment, retention, and educational success of homeless children and youth.

Through the appropriate use of general and grant funds the district has been able to offer academic supports to remediate learning gaps and to offer health care centers in each of our buildings to our students. What is particularly lacking is the opportunity for our students identified as eligible for McKinney-Vento supports is to have comprehensive eye exams and the purchase of prescription lenses for those students in need. If approved with this funding application, we will be able to partner with a local eye care clinic to offer eye exams and eyeglasses to our students. This will improve the health of our students and allow those who need the glasses to be able to function at a higher level both at home and in the academic setting.
